

## Whale playground spring rider h27103

Whale-shaped outdoor spring rider made of HDPE polyethylene and galvanized steel, 45x80x80 cm. Italian product certified for collective use.

The h27103 spring rider is a play equipment designed for setting up outdoor play areas in public and private contexts. Featuring a whale-shaped design with bright colors, the device promotes children's motor development and balance in total safety. The structure is entirely **made in Italy** with materials selected for resistance to atmospheric agents and the absence of harmful substances, ensuring a prolonged life cycle even under conditions of intensive use.
