

White hotel minibar h438_207

30-liter white thermoelectric minibar for hotels, 0 dB silent operation and solid door design. Compact dimensions W.385xD.385xH.485 mm.

The **H438_207 white hotel minibar** is a compact **30-liter** refrigeration solution, specifically designed for the needs of accommodation facilities seeking a balance between aesthetics and functionality. Thanks to the **thermoelectric refrigeration** system, the device ensures optimal preservation of drinks and snacks at a temperature ranging between 8°C and 15°C, solving the problem of noise disturbances in guest rooms thanks to an **acoustic emission level of 0 dB**. The solid door structure and full white finish allow for harmonious integration into modern or classic furnishing contexts, offering professional targets a reliable and easy-to-maintain product.
