

Whiteboard for meeting room h738_105

Magnetic office whiteboard in painted aluminum with wheels. Height: from 1550 to 2200 mm.

The free-standing whiteboard is an essential element for any office, as it allows you to illustrate projects and topics to the various meeting participants. The product features a **solid silver anodized aluminum structure** and is height-adjustable thanks to a knob. **The single-sided whiteboard** is therefore equipped with a magnetic lacquered steel surface on which it is possible to write and attach sheets. **The 5 wheels** at the base also allow the whiteboard to be transported with extreme ease from one place to another.

Technical features:

- Single-sided whiteboard
- Magnetic lacquered steel back, writable and erasable
- Universal flipchart pad attachment system
- Aluminum structure
- Structure color: silver painted RAL 9006
- Base with wheels
- Adjustable height from 155 to 220 cm
- Visible area: 66 x 100 cm

Separately, it is possible to purchase as an **Optional**:

- 20-sheet flipchart pad
