Wing advertising flag with fillable base h738_181

Advertising flag with flexible pole and 14-liter fillable base. Banner dimensions: 62 x 268 cm. Total height: 301.5 cm.

The **H738_181 wing advertising flag**, complete with a **14-liter fillable base in anthracite color**, is designed to ensure **maximum visibility in outdoor environments** such as company entrances, points of sale, trade fairs, markets, or outdoor events. The structure is designed to withstand varying weather conditions and ensure **stability and long life**, even with prolonged exposure.

The **flexible fiberglass pole** with a **black finish** guarantees high wind resistance, while the **100% nautical polyester fabric (100 g/m²)** is ideal for **single-sided sublimation printing**, included in the price. Simply **provide the artwork during the ordering phase** to obtain a fully customized product with bright and long-lasting colors.

The **compact yet highly visible format** (banner 620 x 2680 mm – total height 3015 mm) makes this flag suitable even for small spaces, without sacrificing visual impact. The **14-liter fillable base** allows for stable and secure positioning on flat surfaces, without the need for permanent anchoring.

If used 24 hours a day outdoors in unfavorable weather, the estimated lifespan of the banner is approximately **90 days**. In indoor or protected environments, it can **exceed 12 months**.

Order the **H738_181 wing flag** now with an outdoor fillable base. Send your custom graphics at the time of order and make your brand visible everywhere!
