

Wing advertising flag with print included h738_182

Advertising flag with flexible pole and print included. Fabric dimensions: 87.5 x 347.5 cm. Total height: 398 cm.

The **H738_182 wing advertising flag** is a high-impact promotional solution, perfect for **attracting attention in outdoor and indoor contexts** such as trade fairs, events, company entrances, shopping centers, or points of sale. Designed with a **flexible fiberglass pole** and **customizable nautical fabric**, it is resistant, lightweight, and easy to assemble.

The **fiberglass pole with a black finish** offers **wind resistance and flexibility**, while the **100% nautical polyester fabric (100 g/m²)** is designed to withstand atmospheric agents and ensure high-quality **single-sided sublimation printing**. **Custom graphics are included in the supply**, but must be **provided at the time of order** in a format suitable for printing.

With an **overall height of 3980 mm** and a **large fabric (875 x 3475 mm)**, this flag ensures **excellent visibility from a distance**, for both temporary and permanent installations.

In outdoor environments with continuous exposure (24/7) and difficult weather conditions, the average duration is approximately **90 days**. Indoors or in protected outdoor areas, it can **exceed 12 months**.

Customize your **H738_182 wing flag** now with print included. Send the graphics at the time of order and enhance your communication in a professional and effective way!

- **Structure:** flexible and wind-resistant.
- **Easy:** to transport, assemble and reuse.

FAQ:

1. **Is the graphic design included in the price?**

Yes, printing is included. It is necessary to send the graphic file at the time of order.

2. **Is the printing double-sided?**

No, the printing is single-sided sublimation, with the back visible in a mirror effect.

3. **Do I need a base?**

Yes, the base is not included and must be selected separately based on use (indoor, outdoor, snow, car, etc.).

4. **Is it suitable for outdoors in case of wind?**

Yes, the fiberglass pole is very wind-resistant. However, for continuous outdoor use, we recommend using a weighted base.

5. **How long does the flag last over time?**

Outdoors 24/7 with adverse weather it lasts about 90 days; indoors or in favorable climates it can last over a year.

Mini buying guide:

Wing flags are ideal for promoting your business in a vertical and dynamic way.

The H738_182 model is perfect for those looking for **high visibility and complete customization**, thanks to **sublimation printing on nautical fabric** and the **flexible and lightweight structure** in fiberglass.

The absence of a base allows you to **choose the most suitable one** for the context of use (for example: fillable base for outdoors, flat base for indoors, stake for snow).

Thanks to the **height of almost 4 meters**, your message will be visible even from a distance.

Wing advertising flag with print included, customized promotional flag, sublimation flag for outdoors, outdoor indoor trade fair event flag, 4-meter flag with nautical fabric, wind-resistant fiberglass flag, customized single-sided flag, vertical wing advertising support.
