

Wing flag with square metal base h738_180

Advertising flag with flexible pole and 40x40 cm metal base. Flag dimensions: 87.5 x 347.5 cm. Total height: 398 cm.

The **H738_180 wing advertising flag**, with a **40x40 cm square metal base**, is designed to ensure **maximum visibility in indoor or covered environments**, such as **shopping centers, showrooms, corporate entrances, trade fairs and indoor events**. Thanks to its slender design and professional structure, it represents a high-impact and reliable promotional support.

The **structure is made of flexible fiberglass**, a robust, lightweight, and highly resistant material, finished in **black** for an elegant and modern look. The **fabric is 100% nautical polyester (100 g/m²)**, ideal for **single-sided sublimation printing** with vivid and long-lasting colors. The **graphics are included in the supply**, but must be **sent at the time of the order** to proceed with customization.

The **40x40 cm square metal base** ensures **optimal stability on flat surfaces** (floors, platforms, stands), without the need for permanent fixtures or additional weights. With a **large flag (875 x 3475 mm)** and an **overall height of 3980 mm**, this flag is perfect for **capturing attention in crowded or high-traffic areas**.

In covered environments or with moderate exposure, the flag has a **lifespan of over 12 months**, maintaining **excellent graphic rendering and a stable structure** over time.

Choose the **H738_180 wing flag** with a metal base now for your indoor display spaces. Custom printing included: send us the graphics at the time of the order to start production immediately!
