

Wooden bench for green areas h287_318

Bench with backrest and seat in exotic wood for urban furniture. Dimensions 180 x 65 x 85 h cm - seat height 45 cm.

Outdoor bench ideal for placement in gardens, parks and tree-lined avenues.

The bench consists of inverted "U" curved supports and a reinforcement support made of Ø 50 mm galvanized round steel tube. The supports for the seat and backrest are made of laser-shaped sheet metal 60/10 thick.

The seat and backrest are instead made of **exotic wood slats** autoclave-impregnated and walnut-stained, section 70 x 30 x 1800 mm, appropriately treated. The powders used in the painting process are non-toxic according to current standards. The assembly kit is included.

Technical features:

- Material: steel and exotic wood
- Screws: stainless steel according to UNI 5732 standards
- Dimensions: 180 x 65 x 85 h cm
- Seat height: 45 cm
- Anchoring: ground level
- Assembly kit included
- Compliant with UNI 11306:2009 test methods
