

Wooden bench for public spaces h287_237

Bench with backrest in Nordic pine wood for green spaces. Dimensions: L190 x D.52 x H.80 cm. Anchoring: flush with the ground.

The bench with backrest in Nordic pine wood is ideal for trails and parks immersed in nature but also for public gardens and urban areas. The product consists of **2 galvanized steel sheet supports**, while **the seat and backrest are made of 5 Nordic pine wood slats** pressure-treated in an autoclave with non-toxic salts. The bench is manufactured using **techniques and methodologies aimed at respecting the environment** and human health, especially thanks to the use of **non-toxic substances**. The bench is also built according to **safety requirements** and test methods UNI 11306:2009.

Technical features:
