

Wooden changing table h402_72

Open wooden changing table in birch melamine wood, 77x70x100h cm, with open shelves for accessories. Can be equipped with optional mattress and ladder.

The **open changing table** represents a practical and functional solution for environments dedicated to hygiene and personal care, in contexts such as healthcare facilities, wellness centers, and public and private facilities. The freestanding structure in **birch-finish melamine wood** ensures stability and durability over time, thanks to the use of high-quality materials.

The open configuration allows for immediate access to accessories and easy cleaning of surfaces, a fundamental element in hygienic contexts. The large shelves offer dedicated spaces for the organization of materials and tools.
