

Wooden mountain notice board h575_66

Wooden display board for mountains and trails on posts. Notice board dimensions: 100 x 100 cm. Total dimensions: W.1180 x D.95 x H.2006 mm.

The wooden notice board for parks is ideal for creating information points within nature reserves and tourist trails. Thanks to the 100 x 100 cm board, it is indeed possible to display geographical maps and descriptions of sites of cultural interest. **The structure consists of Nordic pine wood posts and boards**, and is equipped with a birch plywood panel. The Nordic pine board is pressure-treated in an autoclave and features rounded corners, while the phenolic-glued birch plywood panel is specially treated for outdoor use. The 90 x 90 mm laminated posts, on the other hand, are equipped with galvanized brackets for ground anchoring. **All fasteners are made of stainless steel and protected by polyethylene rings and caps.**

Technical features:

- Material: Nordic pine wood and birch plywood
- Pressure-treated wood
- Fasteners are in stainless steel
- Notice board 100 x 100 cm
- Mounting on posts
- Dimensions: W.1180 x D.95 x H.2006 mm
