

Wooden nest swing h27108

Inclusive nest swing in Nordic pine (330x155x240 cm). Made in Italy structure certified EN 1176 for public parks and collective play areas.

The **h27108** nest swing is a play solution designed to ensure accessibility and inclusion in outdoor spaces. Made entirely in Italy, the structure uses high-quality **Nordic pine wood**, treated to resist prolonged exposure to atmospheric agents in public and collective contexts. The nest configuration allows the equipment to be used even by children and young people with **motor difficulties**, promoting integration and shared play in total safety.

Structural solidity is ensured by steel fixing brackets and galvanized bolts, components that prevent oxidation and maintain the integrity of the system over time. The equipment complies with strict safety standards for public use play areas.

Technical features

- **Main material:** Nordic pine wood
- **Configuration:** 1 seat with inclusive nest seat
