

Wooden notice board for mountains and trails h575_65

Nordic pine wood notice board for trails with roof covering. Dimensions: L.248 x D.44 x H.225 mm.

The wooden notice board for parks is ideal for creating information points along nature trails and tourist routes. The posting area is 100 x 200 cm, ideal for providing clearly visible and detailed descriptions. **The structure consists of Nordic pine wood posts and boards**, and is equipped with a 16 mm thick phenolic-glued birch plywood panel specially treated for outdoor use. The Nordic pine boards are pressure-treated in an autoclave, while the laminated posts are equipped with galvanized brackets for ground anchoring. **All fasteners are made of stainless steel and protected by polyethylene rings and caps.**

Technical features:

- Material: Nordic pine wood
- Autoclave pressure-treated wood
- Fasteners are made of stainless steel
- Notice board 100 x 200 cm
- Dimensions: L.248 x D.44 x H.225 cm
