

Wooden notice board for parks h109_320

Wooden notice board for parks. Panel dimensions: 100 x 70 cm. Single-sided notice board.

Notice board ideal for parks, trails, public gardens. The notice board is made of **Nordic pine wood** pressure-treated in compliance with DIN 68800 and RAL standards, effective against attack by mold, fungi and atmospheric agents. The single-pitch roof is useful for protecting the wood from atmospheric agents. It can be **anchored to the ground** using hot-dip galvanized cups.

Technical Features:

- Material: Nordic pine wood
- Fixing: to be anchored
- With single-pitch roof
- Single-sided notice board
- Panel dimensions: 100 x 70 cm
- Height: 250 cm
