

Wooden notice board for parks h575_63

Wooden signboard for mountains and trails with roof. Dimensions: W.1480 x D.465 x H.2357 mm.

The wooden notice board for parks is ideal for creating information points along nature trails and tourist routes. The display area is 100 x 100 cm, ideal for providing clearly visible and detailed descriptions. **The structure is made of Nordic pine poles and boards**, and features a 16 mm thick birch plywood panel with phenolic gluing specially treated for outdoor use. The Nordic pine boards are pressure-treated in an autoclave and have a cross-section of 95 x 35 mm. The 90 x 90 mm glulam poles are equipped with galvanized brackets for ground anchoring. **All fasteners are made of stainless steel and protected by polyethylene ferrules and caps.**

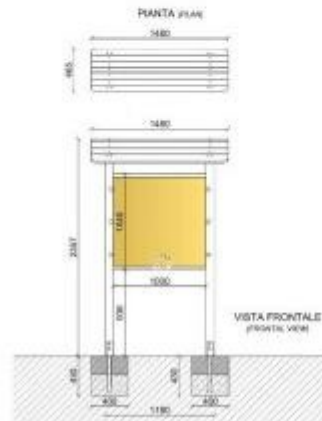

Technical features:
