

Wooden planter for public spaces h521_08

Rectangular street furniture planter in FSC certified pine wood, 100x50x50 cm. Pre-treated against insects and woodworms for maximum durability.

This **urban furniture planter** is designed for harmonious integration into parks, public gardens and pedestrian zones. The structure combines an essential design with the robustness required for constant exposure to atmospheric agents in outdoor and rural contexts. The use of **pre-treated pine wood** ensures effective protection against the degrading action of insects and woodworms, preserving the structural integrity of the product over time.

Technical features

- **Dimensions:** L100 x D50 x H50 cm
- **Material:** pine wood with FSC certification
- **Treatment:** specific anti-insect and anti-woodworm protection
- **Configuration:** supplied in a semi-assembled kit to facilitate transport and installation
- **Aesthetics:** natural finish with visible wood grain
