

Work table h900_10

Professional workbench in 40 mm solid beech wood, 200x70 cm, with 3 drawers and adjustable height. Load capacity 1250 kg, pre-assembled structure.

This **professional workbench** is designed to meet the needs of mechanical workshops, artisan laboratories and industrial maintenance departments. The combination of a robust steel frame and a high-thickness worktop solves problems related to vibrations and stability during heavy processing. Thanks to the **height adjustment** system, the workstation adapts to the operator's ergonomic characteristics, reducing fatigue during extended shifts.

Technical features

- **Worktop:** Solid beech with 40 mm thickness
- **Structure:** Square steel tube frame with powder coating
- **Adjustment:** Variable height from 84 to 104 cm
- **Storage:** 3 drawers with 180 mm height on roller bearing slides
- **Load capacity:** Maximum static capacity 1250 kg
- **Total dimensions:** W. 200 x D. 70 cm
- **Supply condition:** Delivered fully assembled
