

Work table W. 175 cm with drawer unit h870_11

Professional work table in steel and beech multiplex wood 1750x800 mm, with 4-drawer unit and floor anchoring system.

This **professional work table** has been designed to meet the operational needs of warehouses, industrial laboratories, and mechanical workshops. The structure combines the sturdiness of sheet steel with the mechanical resistance of a high-thickness worktop, offering a stable surface for heavy-duty processing and precision assembly. The integrated storage system allows for rational organization of equipment, reducing downtime and optimizing operational space.

Technical characteristics

- **Total dimensions:** W. 1750 x D. 800 x h. 870 mm
- **Worktop:** Beech multiplex wood with 40 mm thickness
- **Supporting structure:** Powder-coated sheet steel
- **Structural support:** Equipped with perforated base plates for static floor anchoring
- **Drawer unit configuration:** 1 module with 130 mm plinth and 4 drawers
- **Drawer dimensions (heights):** 75 mm, 100 mm, 125 mm and 300 mm
- **Drawer capacity:** 75 kg per unit
- **Customization:** Steel components available in various RAL colors to be specified when ordering

For sheet steel components, it is necessary to indicate the desired RAL color by choosing from the color chart options. Any non-catalog color variants are available upon request after technical evaluation and a dedicated quote.
