

Workbench for workshops h826_06

Workbench for workshops with drawer unit. Load capacity: 500 kg. Dimensions: 2000 x 700 x 890 mm.

The workbench with sheet metal top is a suitable item for workshops and craft centers as it allows manual activities and repairs to be carried out in total comfort. The structure consists of metal box sections of various cross-sections, legs with plates for floor fixing and a reinforced perimeter frame with drawer unit. **The work surface** is instead made of **3 mm thick sheet metal** for a **total load capacity of 500 kg**.

Technical features:

- Monobloc workbench
- Structure composed of metal box sections
- Legs with fixing plates
- Worktop in 3 mm thick sheet metal
- Drawer unit
- Load capacity: 500 kg
- Dimensions: 2000 x 700 x 890 mm
