

Workbench W. 175 cm 2 drawer units with plinths h870_15

Industrial steel workbench with 40mm beech multiplex top, double drawer unit (4 and 6 drawers), dimensions 1750x800x870 mm.

This **professional workbench** is designed to meet the needs of mechanical workshops, industrial laboratories and logistics departments requiring an extremely resistant work surface and modular organization of instrumentation. The load-bearing structure in sheet steel supports a **40 mm thick beech multiplex wood top**, ideal for heavy-duty machining and assembly. The large 1750x800 mm surface is integrated with two differentiated storage volumes, allowing for a precise classification of tools, small parts and heavy components.

Technical features

- **Total dimensions:** W. 1750 x D. 800 x h. 870 mm
- **Worktop:** Beech multiplex wood, 40 mm thick
- **Structure material:** Powder-coated sheet steel
- **Drawer Unit 1 Configuration (4 drawers):** 130 mm plinth; drawer heights 75, 100, 125 and 300 mm
- **Drawer Unit 2 Configuration (6 drawers):** 130 mm plinth; drawer heights 50, 75, 75, 100, 100 and 200 mm
- **Drawer capacity:** 75 kg per drawer (uniformly distributed load)
- **Customization:** Structure color selectable from RAL chart

Optional: During the ordering phase, it is possible to request non-catalog RAL colors subject to a dedicated quote.
