

Workbench with 1 shelf h965_13

Professional steel workbench, 120x73x83 cm. Anti-corrosion metal top, telescopic drawer and 635 kg load capacity. Quick assembly.

The **h965_13 workbench** is a professional workstation designed for workshops, laboratories and industrial contexts that require high stability and resistance to external agents. The self-standing steel structure is engineered to handle heavy loads, offering a work surface optimized for intensive use and maintenance of mechanical components.

Technical specifications

- **Dimensions:** L 120 x W 73 x H 83 cm
- **Load capacity per shelf:** 600 kg
- **Total load capacity:** 635 kg per module
- **Worktop:** High-resistance metal, impermeable to liquids and moisture
- **Storage:** 1 drawer with integrated telescopic guides
- **Structure:** Steel with epoxy-polyester powder finish
- **Assembly:** Quick screw system (estimated time 15 minutes)
- **Color:** Industrial blue
- **Equipment:** 4 protective plastic feet included
