Workshop furniture composition h905_31

Complete workshop furniture, with wall cabinets, drawer unit, cabinets and equipped modules. Dimensions: W 255 x D 75.7 x H 200 cm.

The **workshop furniture composition h905_31** is designed to meet the needs of **organization and functionality** in professional spaces. With a **width of 255 cm**, a **depth of 75.7 cm** and a **height of 200 cm**, this configuration offers a compact yet extremely **efficient** solution for workshop tasks. Every element is designed to ensure **durability, practicality and safety**, from the **gas struts** that facilitate the opening of the upper wall cabinets, to the **stainless steel** shelf designed for fluid collection.

The combination of the included modules with a **7-drawer** mobile unit, paper holder module with waste drawer and a **2-door cabinet with shelves,** allows you to maintain order and have all tools always at hand. The **integrated power sockets**, equipped with one 2-pole 220V socket, one 2-pole Schuko socket each and USB, add convenience, transforming this composition into a **ready-to-use** workstation to power devices and electrical equipment.

Built with an **anti-corrosion painted metal** structure, this configuration is wear-resistant and designed to last over time even in **intensive work environments**. The removable shelves allow for a high degree of **space customization**, while the modular design allows for adding new elements to expand the workstation.

Perfect for **mechanical workshops, craft laboratories** and industrial environments, this solution guarantees **productivity** and **space optimization**, meeting the needs of those working in professional contexts.

Don’t miss the opportunity to transform your workshop with the **workshop furniture composition h905_31**, the ideal choice to improve **productivity** and ensure a **functional and tidy workstation**. Buy now to get a robust and complete product, or request a quote for custom configurations or bulk purchases. Choose the quality and practicality of professional furniture designed for those who work every day with precision and organization!

Main features:

- **Paper holder module:** equipped with a waste drawer, for simple and hygienic management.
- **Fluid collection shelf:** in stainless steel, corrosion-resistant and easy to clean.
- **Upper wall cabinets:** with gas struts and lock to protect tools.
- **Removable shelves:** to customize the space according to needs.
- **Integrated sockets:** 1 2-pole 220V socket, 1 2-pole Schuko socket each, USB for electronic devices.
- **2-door cabinet:** with 4 internal adjustable shelves, ideal for storing tools and materials.
- **Mobile drawer unit:** with 7 sliding drawers, perfect for organizing tools and small parts.

User benefits:

- **Perfect organization:** everything at hand to work efficiently.
- **Maximum durability:** resistant materials suitable for intensive use.
- **Guaranteed safety:** wall cabinets with locks and integrated sockets for safe use.
- **Flexibility of use:** adjustable shelves and expandable modules.
- **Immediate practicality:** a ready-to-use solution for any workshop.

2. **How many shelves does the cabinet contain?**
   The cabinet is equipped with 4 internal shelves.
3. **How many drawers does the mobile drawer unit have?**
   The drawer unit consists of 7 spacious drawers for maximum organization.
4. **What color is the module?**
   The module is green.

Mini buying guide:

Choosing furniture for your workshop requires attention to detail to ensure efficiency, durability and practicality. The **workshop furniture composition h905_31** is a solution designed for those seeking **organization and functionality** without compromise.

Before purchasing, evaluate the **available space**: with dimensions of **W 255 x D 75.7 x H 200 cm**, this configuration is ideal for medium and large spaces. Make sure your workshop can comfortably accommodate the product, allowing you to work easily around it.

Another aspect to consider is the **quantity of tools and materials** you need to organize. This composition offers **7 sliding drawers**, **4 adjustable shelves** and removable shelves, perfect for adapting to your specific needs. If you need an even more spacious solution, you can add further modules thanks to the compatible modular structure.

The **integrated power sockets** represent a great advantage: with 1 2-pole 220V socket, 1 2-pole Schuko socket each and USB, this composition is already ready to connect electrical tools and devices without having to install additional sockets. This makes it a particularly practical choice for modern workshops and equipped laboratories.

Choose this composition if you want to optimize your workspace, improve productivity and have a **practical, resistant and well-organized** workstation.
