

Workshop trolley capacity 400 kg h1035_18

Professional steel workshop trolley, 400 kg capacity, 3 spacious shelves, wheels with brake. Ideal for handling heavy loads. The **workshop trolley h1035_18** is a professional structure designed for the handling and organization of tools, spare parts, and heavy components in industrial environments. Thanks to the solid **steel construction** and high load capacity, this tool solves the critical issues related to the transport of bulky equipment, optimizing operational times and ensuring an always tidy workstation.

The **three-shelf** configuration allows for a rational distribution of material, while the ergonomic handle and the integrated wheel system ensure fluid mobility even at full load. The high-visibility red finish facilitates the identification of the support within complex production departments.

Technical characteristics

- **Type:** high-capacity workshop trolley
- **Material:** painted steel
- **Color:** red
- **Maximum load capacity:** 400 kg
- **Total dimensions:** W 81.6 x D 42 x H 75 cm
- **Tray dimensions:** 390 x 670 mm
- **Number of shelves:** 3
- **Empty weight:** 15.6 kg
- **Mobility system:** 4 wheels (75 mm diameter) with parking brake
- **Accessories included:** ergonomic push handle
