

Workshop trolley h965_15

Workshop trolley in steel and MDF (91x61x84 cm). Load capacity 600 kg, telescopic drawers and quick boltless assembly system in 15 minutes.

The **workshop trolley h965_15** is a mobile workstation designed for industrial environments, laboratories and mechanical workshops that require high load capacity and organization. Thanks to the combination of a **steel structure with a 50 mm profile** and a **16 mm MDF top**, the module ensures excellent structural stability, supporting up to **600 kg**. The configuration includes drawers with **telescopic guides**, optimizing the workflow through immediate access to instrumentation.

Technical specifications

- **Total dimensions:** L 91 x D 61 x H 84.2 cm
- **Load capacity:** 600 kg per shelf / 600 kg per module
- **Worktop:** 16 mm thick MDF wood
- **Structure:** Professional steel with 50 mm profile
- **Assembly system:** Interlocking, boltless (estimated time 15 minutes)
- **Storage:** Integrated drawers with high-fluidity telescopic guides
- **Finish:** Corrosion-resistant epoxy-polyester coating
- **Safety:** Self-standing structure, does not require wall fixing
- **Equipment:** 4 scratch-resistant plastic feet included
- **Color:** Industrial blue and natural wood finish
