

Workshop trolley with 2 shelves h286_60

Steel workshop trolley with 2 shelves (80x45 cm) with anti-fall edges and monoblock structure, ideal for transporting tools in industrial environments.

The **workshop trolley H286_60** is a professional solution designed to optimize the handling and organization of tools and components in industrial, mechanical, and craft contexts. Made of **robust sheet steel**, this mobile support is designed to withstand heavy loads while maintaining high operational stability.

The configuration with **two heavy shelves** allows for rational management of the workspace, while the presence of **perimeter edges on four sides** ensures maximum safety, preventing the accidental fall of small parts or equipment during movements between different workstations.

Technical features

- **Material:** High-resistance sheet steel
- **Dimensions:** W 80 x D 45 x H 75 cm
- **Configuration:** 2 shelves with containment edges on 4 sides
- **Handling:** 4 rubber wheels Ø 80 mm (2 fixed and 2 swivel)
- **Maneuverability:** Metal tubular steel handle Ø 18 mm
- **Structure:** Welded monoblock for maximum rigidity
- **Finish:** Blue RAL 5010 epoxy powder coating
