

Workshop workbench W. 175 cm with 2 drawer units h870_17

Industrial workbench 1750x800mm with 40mm beech top and 11 steel drawers. High-capacity solution with customizable finishes.

This **professional workbench** represents an advanced structural solution for mechanical workshops, maintenance departments, and craft workshops. The system integrates a large operating surface in **beech plywood** with a thickness of 40 mm, designed to withstand prolonged mechanical stress. The configuration includes two robust steel sheet container modules, optimized for the systematic compartmentalization of tools, measuring instruments, and heavy components.
