

Workshop workstation L. 200 cm h870_10

Professional workbench 2000x800 mm in steel and beech multiplex wood, with 4 perforated panels and 3-drawer unit for organized workshops.

This **professional workbench** is designed to optimize operational efficiency in industrial and artisanal contexts. The structure combines the robustness of **powder-coated sheet steel** with the resistance of **beech multiplex wood**, offering a stable and durable work surface. Thanks to the integration of **4 perforated panels** supported by 3 vertical supports, the workstation allows the top to be cleared of tools and utensils, keeping every tool within reach and in order. Organization is further enhanced by a **three-drawer chest** with high load capacities, ideal for the secure storage of small parts and technical instrumentation.

Technical features

- **Total dimensions:** L. 2000 x D. 800 x h. 870 mm
- **Worktop:** Beech multiplex wood, thickness 40 mm
- **Lower shelf:** Plywood, thickness 25 mm
- **Structure:** 2 sheet steel supports with 6 upper slots for top fixing
- **Fixing system:** Perforated plates at the base of the supports for stable ground anchoring
- **Paneling:** 4 perforated panels with 3 dedicated supports for vertical storage
- **Drawer unit:** 1 unit with 3 drawers with heights 50 mm, 100 mm and 150 mm
- **Drawer capacity:** 75 kg per single drawer
- **Customization:** Sheet metal components customizable with RAL color of choice (to be communicated during the ordering phase)
