

WPC planter for urban furniture h986_07

CAM and FSC certified WPC planter Made in Italy, weather-resistant and maintenance-free. Dimensions: W 75 x D 75 x H 50 cm.

The **CAM and FSC certified WPC planter H986_07** is the perfect solution for **gardens, terraces, squares and public spaces**, thanks to its construction in **WPC (Wood Plastic Composite)**, an innovative material that combines the aesthetic of wood with the resistance of plastic.

WPC is synonymous with reliability, it does not require **painting, anti-mold treatments or maintenance**, as it is naturally resistant to **molds, parasites and deterioration** due to rain, sun or frost.

This planter is **made entirely in Italy**, using **recycled materials**, representing a **sustainable choice** for those who want a durable product without sacrificing design. Its **beige 3D wood effect** makes it an elegant alternative to traditional wooden planters.

Buy now the **beige recycled material planter H986_07** for an eco-friendly, elegant and resistant urban furniture! Request a personalized quote immediately.
