

Yellow and red 3-seater bench for children h463_13

Half-moon bench in steel and HPL, colorful and safe for children. Dimensions: W 130 x D 52 x H 35 cm.

The **3-seater bench for children H463_13** is designed to guarantee **safety, comfort and educational stimulus** in the outdoor spaces of kindergartens, primary schools and play areas. With a low, colorful and welcoming **half-moon** seat, it is perfect for fostering socialization, interaction and learning among the youngest.

Made with a structure in **UV-powder-coated steel**, color **yellow RAL 1028**, and a seat in **red compact HPL**, the bench combines resistance and chromatic vibrancy, making it particularly suitable for outdoor school environments. The materials are selected to offer **high durability** against atmospheric agents, wear and intense daily use.

The design has been carefully studied to ensure **maximum safety**: the **rounded corners**, the **seat height of 350 mm** and the **spaces between the slats (in models with slats)** prevent risks of pinching or impacts. **Ground fixing using dowels** is mandatory and ensures a solid and stable anchorage, even in high-traffic contexts.

Perfect for setting up **outdoor relaxation zones or reading corners**, the H463_13 bench combines educational functionality and safety, thanks also to an engaging and colorful design that stimulates children's creativity. It is also available in a 4-seater version.

FAQ:

1. **What age of children is it suitable for?**
The 350 mm seat is suitable for children in preschool and school age (approx. 3-10 years).
2. **Does it need to be fixed to the ground?**
Yes, fixing is mandatory to ensure stability and safety.
3. **Can it be left outdoors all year round?**
Yes, thanks to the materials treated against UV rays and corrosion, it can stay outside without deteriorating.
4. **Is it available in other colors or versions?**
It is also available in a 4-seater version and with an HPL slatted seat. Contact us for all variants.
5. **Is it easy to clean?**
Yes, the HPL surface can be cleaned simply with a cloth and neutral detergent.

Mini buying guide:

When buying a **children's bench**, it is essential to choose products with **dimensions appropriate for the age**, materials

resistant to outdoor use and **maximum structural safety**. Rounded corners, smooth surfaces, mandatory fixing and bright colors are all elements that help create inclusive and stimulating environments. The H463_13 model is ideal for **schools and playgrounds**, thanks to its reduced height, playful design and **certified robustness**. A safe investment to guarantee relaxation, interaction and safety.
