

Yellow street furniture bench h287_364

Galvanized and oven-painted steel bench, with a solid three-support structure. Yellow color for greater visibility and modern design. Dimensions: W 200 x D 61 x H 83 cm. Seat height: 42 cm.

The **yellow street furniture bench H287_364** is a design element designed for **parks, squares, pedestrian areas and public spaces**, combining **robustness, aesthetics and durability over time**.

The structure is made with **three galvanized flat iron supports (50x8 mm)**, specially shaped to guarantee **stability and resistance to atmospheric agents**. The **seat and backrest** consist of **Ø 20 mm galvanized round steel tube profiles**, equipped with **PE hemispherical head covers**, which protect the material and improve aesthetics.

The **epoxy powder coating** process, carried out with electrostatic guns and subsequent **oven polymerization at 180/200°C**, guarantees a **uniform, durable and non-toxic coating**, complying with current regulations.

The **yellow color** gives the bench a **modern and eye-catching appearance**, making it easily identifiable in public spaces and improving safety.

The bench is delivered already assembled, ready to be installed in the desired location.

Choose the H287_364 bench for a resistant, functional and aesthetically pleasing urban furniture!

Technical characteristics:

- **Material:** galvanized and oven-painted steel
- **Structure:** 3 supports in 50 x 8 mm galvanized flat iron
- **Seat and backrest:** Ø 20 mm galvanized round steel tube profiles with PE hemispherical head covers
- **Painting:** non-toxic epoxy powders, polymerized at 180/200°C
- **Color:** yellow
- **Dimensions:** W 200 x D 61 x H 83 cm
- **Seat height:** 42 cm
- **Delivery:** already assembled

User benefits:

- **Structure:** robust and resistant to atmospheric agents.
- **Painting:** non-toxic and durable, safe for public spaces.
- **Design:** ergonomic and comfortable, ideal for long sessions.
- **Color:** high visibility yellow, perfect for parks and pedestrian areas.
- **Delivery already assembled:** ready for use without the need for assembly.

FAQ:

1. **Is the bench suitable for outdoor use?**
Yes, it is made of galvanized and oven-painted steel, resistant to weathering and corrosion.
2. **What is the advantage of powder coating?**
It offers long-lasting protection, resistance to UV rays and atmospheric agents, keeping the color unchanged over time.

3. **Do I have to assemble the bench?**

No, the bench is delivered already assembled, ready for use.

4. **Is the yellow color resistant over time?**

Yes, the polymerization treatment at 180/200°C guarantees a resistant and long-lasting finish.

5. **What color is the bench?**

This model is available in yellow.

Mini buying guide:

If you are looking for a **bench for public spaces**, consider resistant materials such as **galvanized steel**, which guarantees **durability and protection from atmospheric agents**.

An **ergonomic design** ensures comfort for users, while the **epoxy powder coating** preserves aesthetics over time.

The **high visibility color**, such as **yellow**, is ideal for increasing safety and improving integration into urban furniture.

Yellow street furniture bench, galvanized steel bench, bench for parks and squares, resistant bench for public spaces, oven-painted bench, modern design bench for cities.
