

Brass brush for wood-fired ovens h0957

Classic model of brush for ovens in stainless steel

The model h0957 brass brush is a brush made of brass with a handy stainless steel handle and timber terminal. Great for wood stoves has a fixed brush that reaches even the farthest reaches of the oven, it is 110 cm long.

The brush, instead, is 17 cm long and 5.5 cm deep. The size of the brush and its long, tapered shape facilitate the work.
