

Shelf with 4 slotted shelves 60x40xh180 cm h11141

Shelves 4 shelves with slotted modular bolt. Italian product.

Modular shelving with bolt made of stainless steel AISI 304, a type of stainless steel high quality austenitic defined because of chromium and nickel. This steel, in particular, contains a percentage of 18% chromium and 8% nickel. For this reason it is also called 18/8 steel. And is generally used in the production of hoods, sinks, cutlery, etc., in virtually all areas of industrial production.

The structure is made of uprights angled 35x35 thickness of 15/10 with 9x32 slot for mounting bolts. The 4 shelves are slotted in thickness 10.8. The shelf is full of bolts and plastic feet to prevent damage to the surface where it is placed.

The edges of the shelf are cut-resistant for added security.

Specifications:

- structure to bolt
- material: stainless steel AISI 304
- 4 shelves slotted 9x32 - thickness 8.10
- thick uprights 15/10
- complete with bolts
- plastic feet
- anti-cut edges
- glossy finish
- Italian product
- height 180 cm
- width 60 cm
- depth 40 cm
