

Bench for urban furniture in wood with armrests h14018

Bench for street furniture in iron and wood with armrests. Italian production. Dimensions 180x79x73 cm

Bench for street furniture in iron and wood with armrests. Italian production. Dimensions 180x79x73 cm

Structure:

- No. 02 supports, double-arch base and center circle as opposed to an armrest, made of galvanized steel pipe in sect. mm oval. 40 x 20 x 1.5, each support plate is provided at the base in galvanized steel;
- seat and back made of No. 10 planks of pine wood (section mm. 60 x 40), rounded to the four corners. The boards are equipped with holes for fixing on special patterns of angled profiles galvanized mm. 40, which give the anatomical shape.

Finish:

- supports galvanized and coated baked epoxy powder color "gun barrel";
- planks impregnated in autoclave with non-toxic salts, treated with stain and glossy finish for outdoor use.

Fixing:

- media plates have holes for anchoring to the ground by means of anchor bolts and anchors;
- the bench is supplied in kit assembly, stainless steel hardware and installation instructions.

Size:

- height 79 cm
- width 180 cm
- 73 cm depth
- seat height 46 cm
- equipped with armrests
- weight 47 kg
