

Portalavatoio suspended melamine fireproof h15603

Portalavatoio door and frame in white melamine fireproof. Various measures 83 cm in height. Made in Italy

Portalavatoio door and frame in white melamine fireproof. Various measures 83 cm in height. Made in Italy.

The door and frame are made of melamine. The melamine is a panel of wood particle board coated on one side, or on both sides, with melamine paper, which is a synthetic material made of thin sheets of paper (around a tenth of a mm) impregnated with melamine resin. The use of such a card causes the coated panel is often also called melamine panel (or melamine) The panel can be formed over that of chipboard (also from recycled timbers), also from hardboard, from plywood, wood printed, OSB or MDF. It possesses remarkable qualities of hardness and resistance to scratching and solvents on the surface, makes this product very much used in the world of design.
