

Compressor minibar with glass door 60 lt 3433

Compressor minibars with glass door of the capacity of 60 lt

Compressor minibars white color and a capacity of 60 lt. The operation of the compressor is optimal in the case of hotels, offices and tourist facilities. This particular type of operation provides outstanding performance even in extreme ambient temperatures.

The glass door, completely transparent, is an elegant visual effect and offers the opportunity to see the products available inside. This prevents unnecessary opening of the door to check the contents of the minibar, realizing energy savings and optimizing its operation.
