Armchair natural drop scab h74127

Armchair with solid wood legs in natural oak and shell polymer

Chair with solid wood legs in natural oak.

The shell is made of polymer (plastic material characterized by high strength and stiffness) and is available in three different colors: linen, charcoal and cocoa.

Thanks to its shape and to its elegance armchair appears to be suitable not only for home but also for bars or restaurants.

The sitting was very comfortable thanks to its special shape chair, presents the soft lines and enveloping. The property is a spacious cockpit with side openings.

For internal use only.

Made in Italy

Manufacturer Scab Design

Available colors:

- linen
- anthracite
- cocoa
