

Biofireplace h9202

Bioethanol fireplace complete with lighter, aromatherapy bowl and accessories load

Made in Italy

The bioethanol fireplace h9202 has the pleasure of a traditional fireplace square-shaped and characterized by the essential flame visible on all sides of a highly suggestive effect.

The fireplace can be installed freely because h9202 does not require a flue. It 'a piece of furniture functional and elegant, perfect to warm any room in the house. Made in Italy, according to the reference standards, works with a renewable fuel that does not alter in any way the ecological balance of the environment in which it is placed.

The fireplace h9202, as well as all bioethanol fireplaces, ensures ease of installation and ease of use:

- does not produce ash or other residues
- requires no maintenance
- can be positioned at any part of the dwelling
- do not require a chimney
- does not require power systems
- uses renewable fuel that does not alter the ecological balance: ethanol (denatured ethyl alcohol) is produced from agricultural and forestry products, is odorless, hypoallergenic and has no residual

The fireplace h9202 comes complete with:

- lighter
- aromatherapy bowl
- accessories of loading
