

Design umbrella stand in steel h9744

Umbrella stand design with marble base. Produced entirely in Italy.

Umbrella stand made of stainless steel with marble base. Stainless steel is an alloy of iron containing chromium, nickel and molybdenum which has the main feature that it does not rust when exposed to the atmosphere.

The stainless steel has among its main advantages:

- high structural strength
- high resistance to corrosion and environmental aggressions
- maximum hygiene
- ease of cleaning
- natural material, intrinsecamente ecological, 100% recyclable

Technical features:

- stainless steel structure
- marble base
- dimensions 28x36x48 cm (wlh)
- Italian product
